## PORTRAITS

**We take the time** for a detailed preliminary talk.

*What style do you prefer? What clothing is suitable?*

*Families: Which constellations do you like us to photograph?*

*For whom do you have the photos done? Is it a present or would you like to display them at your home?*

*We like to know if you have a special idea. We can experiment together. Particular interesting and exciting images often result from that.*

*After the photo shooting we will choose together the best images on the computer screen. We will explore different color and black and white styles.*

*You get all selected pictures printed on high quality barite paper and digital on CD (13x18 cm/300dpi).*

## RE-ORDER

We print your images to classical photo media by using the latest technology. With our 10-color pigment ink printer we reach an enormous color spectrum with the highest color durability. Black and white pictures are printed with three black inks. The result is absolutely neutral grays even in different lighting.

We offer two different papers, both are individually color-profiled.

- **Atelier Pearl** – a semi-glossy paper with a fine structure offers the finest detailed reproduction at a weight of 270g with a more robust surface than glossy paper.
- **Gloss Baryta** – has the same barite base as the approved silver-halide photo paper. The grammage is here 300 g and gives this paper the unique feel of a traditional photographic print.

	Atelier Pearl	Gloss Baryta
