JOB APPLICATION PORTRAITS

We provide advise regarding your outfit, the perfect background, the intended statement as well as the proper photographic style to create with you your very individual photos.

After the photo-shooting, we will choose together the best images on the computer screen. We will explore different color style and black and white options for the most suitable results.

2-5 days later you can pick up the digitally developed and re-touched photos, burned to a CD or we'll send it in an email.
